

Teaching Creativity and Innovation to Inventive Minds

August 3, 4 & 5, 2011
at Oklahoma State University
in Stillwater

Participants in this 3 day workshop will learn about:

1. Digital Fabrication Labs (fab labs)
2. STEM careers
3. Ideas for sparking creativity and innovation in your students
4. Digital Storytelling

This 3 day workshop focused on creativity, STEM (science, technology, engineering and math) careers & digital storytelling is offered for current K-12 educators in Oklahoma who have not previously participated in a "Celebrate Oklahoma Voices" workshop.

A limited number of FULL scholarships (10) are available.

Workshop cost is \$499, \$249 or FREE, depending on whether you want to KEEP 'digital backpack' equipment after the workshop & if you are selected to attend "on scholarship"

Register to attend, scholarships and spots are limited!!
